## Exhibit A

### Payments in Lieu of Taxes on the Land and the Buildings:

For the period commencing on the PILOT Commencement Date (hereinafter defined) until the Abatement Termination Date or (ii) the date on which the Agency no longer owns the Facility Realty, the Lessee shall make payment in lieu of real estate taxes (the "PILOT Payments"), as follows:

#### Definitions

X =	the then current assessed value of Facility Realty from time to time
PILOT Commencement Date =	the Taxable Status Date of the Town immediately following the date hereof.
Normal Tax Due =	those payments for taxes and assessments, other than special ad valorem levies, special assessments and service charges against real property located in the Town of Babylon (including any existing incorporated village or any village which may be or may have been incorporated after the date hereof, within which the Project is wholly or partially located) which are or may be imposed for special improvements or special district improvements, which the Lessee would pay without exemption.
Tax Year =	the Tax Year of the Town commencing each December 1 and ending the following November 30.

#### Tax Year

15	96.0% Normal Tax Due on X
16 and thereafter	100% Normal Tax Due on X

The tax benefits provided for in this subsection shall be deemed to commence on the PILOT Commencement Date. In no event shall the Lessee be entitled to receive real property tax benefits due to the Project under this agreement for a period longer than the period set forth in the formula immediately above. Notwithstanding the foregoing schedule, the Lessee further covenants and agrees that for any period that the Agency continues to hold title to the Facility after termination, the Lessee shall pay 100% of the Normal Tax Due on X together with any special assessment and services charges relating to the Facility whichever may be imposed for special district improvements in accordance with the provisions of this Section.

## **SCHEDULE B**

**Recapture of Agency Benefits.** It is understood and agreed by the parties to this Agreement that the Agency is entering into this Agreement in order to provide financial assistance to the Lessee for the Project and to accomplish the public purposes of the Act. In consideration therefor, the Lessee hereby agrees as follows:

(a)(i) If there shall occur a Recapture Event after the date hereof, the Lessee or the Sublessee shall pay to the Agency as a return of public benefits conferred by the Agency, the following amounts:

(A) one hundred per cent (100%) of the Benefits (as defined below) if the Recapture Event occurs within the first five (5) years after the date hereof;

(B) eighty per cent (80%) of the Benefits if the Recapture Event occurs during the period from the sixty (6th) year through and including the eighth (8th) year after the date hereof;

(C) sixty per cent (60%) of the Benefits if the Recapture Event occurs during the ninth (9th) year after the date hereof;

(D) forty per cent (40%) of the Benefits if the Recapture Event occurs during the tenth (10th) year after the date hereof; or

(E) twenty per cent (20%) of the Benefits if the Recapture Event occurs during the eleventh (11th) year after the date hereof.

As used in this Section, the term "**Benefits**" shall mean, collectively:

(1) all real estate tax benefits which have accrued to the benefit of the Lessee or the Sublessee commencing from and after the "Commencement Date", and during the period of time that the Agency is the owner of the Facility, such tax benefits to be computed by subtracting the payments in lieu of taxes paid under Section 4.3 hereof from those payments which the Lessee or the Sublessee would have been required to pay during the term of this Agreement (within the meaning of Section 3.2 hereof) had the Town determined the amount of such real estate taxes as would be due if the Lessee had been the owner of the Facility Realty during such term; and

(2) all miscellaneous benefits derived from the Agency's participation in the straight-lease transaction contemplated by this Agreement, including, but not limited to, any exemption from any applicable state or local sales and use tax, mortgage recording tax and filing and recording fees accruing from and after the date hereof.

As used in this Section, the term “Recapture Event” shall mean any of the following events:

(1) The Lessee or the Sublessee shall have liquidated its operations and/or assets (absent a showing of extreme hardship);

(2) The Lessee or the Sublessee shall have ceased all or substantially all of its operations at the Facility (whether by relocation to another facility or otherwise, or whether to another facility either within or outside of the Town) through no force majeure event;

(3) The Lessee or the Sublessee shall have transferred all or substantially all of its employees within the Town to a location outside of the Town through no force majeure event;

(4) The Lessee or the Sublessee shall have subleased all or any portion of the Facility in violation of the limitations imposed by Section 9.3 hereof, without the prior written consent of the Agency;

(5) The Lessee or the Sublessee shall have sold, leased, transferred or otherwise disposed of all or substantially all of its interest in the Facility; or

(6) Base Employment Reduction Percentage shall be greater than fifteen percent (15%) due to a Relocation Reduction occurring with respect to an Annual Period.

Notwithstanding the foregoing, a Recapture Event shall not be deemed to have occurred if the Recapture Event shall have arisen as a direct, immediate result of (i) a taking or condemnation by governmental authority of all or substantially all of the Facility, or (ii) the inability at law of the Lessee to rebuild, repair, restore or replace the Facility after the occurrence of a Loss Event to substantially its condition prior to such Loss Event, which inability shall have arisen in good faith through no fault on the part of the Lessee or any Affiliate.

(b) The Lessee covenants and agrees to furnish the Agency with written notification upon any Recapture Event or disposition of the Facility or any portion thereof made within twelve (12) years of the Commencement Date, which notification shall set forth the terms of such Recapture Event and/or disposition.

(c) In the event any payment owing by the Lessee or the Sublessee under this Section shall not be paid on demand by the Lessee or the Sublessee, such payment shall bear interest from the date of such demand at the then current interest rate imposed on delinquent payments of real property taxes until the Lessee or the Sublessee shall have paid such payment in full, together with such accrued interest to the date of payment, to the Agency.

(d) The Agency, in its sole discretion, may waive all or any portion of any payment owing by the Lessee or the Sublessee under this Section.

(e) The provisions of this Section shall survive the termination of this Agreement for any reason whatsoever, notwithstanding any provision of this Agreement to the contrary.

**Departmental Review and Recommendations**  
**On Revised Site Plan Dated August 31, 2017**

- I Preliminary SEQRA Classification**  
Unlisted Action-Uncoordinated Review.
- II Recommended SEQRA Determination**  
Negative Declaration adopted by the Planning Board June 5, 2017; Resolution No. 2017-062 and the Town Board of the Town of Babylon May 17, 2017; Resolution No. 415. The changes to the plan are not significant enough to warrant new a SEQRA determination by the Planning Board or the Town Board of the Town of Babylon.
- III Reasons Supporting This Recommendation**
1. The proposal will not create a significant increase in traffic.
  2. The project site does not contain any sensitive environmental resources or habitat. The subject location is an improved industrial site.

3. The project will not adversely impact groundwater resources. The project will connect to the Southwest Sewer District for Wastewater disposal. The improvements will comply with Suffolk County Department of Health Services requirements for any storage of contaminated material and or liquids. Further, the operation shall comply with New York State Department of Environmental Conservation requirements. A Beneficial Use Determination (BUD) is proposed to re-use the processed material primarily within the existing asphalt plant. The BUD will have to be approved by the NYSDEC.
4. A Stormwater Pollution Prevention Plan (SWPPP) has been prepared for this project in accordance with Chapter 189 of the Code of the Town of Babylon Stormwater Management and Erosion and Sediment Control of the Code of the Town of Babylon. Stormwater runoff will be contained on site in conformance with Town of Babylon requirements and erosion and sediment control will be employed during construction. Post construction stormwater management measures are required for long term management and proper maintenance of the stormwater management system.
5. The project site lies within the Runway Protection Zone (RPZ) for Republic Airport. The location of the project within the RPZ has been carefully considered as part of this environmental review. A significant portion of the existing facility was sand mined in the past, reducing the ground elevation of the site. The lower ground elevation is favorable in terms of potential obstructions to air traffic. The proposed wash facility location within the project site will also be excavated to be consistent with the ground elevation of the remainder of the site for operational purposes. In fact, the existing grade will be reduced approximately 20'. Furthermore, there will be a significant reduction in personnel on this portion of the project site since the offices have been relocated north out of the RPZ. The number of employees at the subject location will be reduced from 60 to 20. This will reduce the potential hazard to human health within the RPZ. Also, it is noted that a use could be proposed on this site within the existing zoning district that would involve a greater number of employees. The applicant shall prepare and submit Federal Aviation Administration Form (FAA) Form 7460 Notice of Proposed Construction or Alteration and fulfill any FAA requirements.

#### **IV     Site Plan Recommendations**

1. A Stormwater Pollution Prevention Plan (SWPPP) is required for the project. The SWPPP has been submitted and is under review.
2. Covenants and Restrictions that drainage/stormwater system be maintained (post construction).
3. Obtain all approvals listed below:
  - Town Board of the Town of Babylon (Excavation) approved May 17, 2017
  - Zoning Board of the Town of Babylon
  - New York State Department of Environmental Conservation (NYSDEC) Part 360 Permit for Transfer Station, Beneficial Use Determination (BUD) and State Pollutant Discharge Elimination System (SPDES) Permit

- Suffolk County Department of Public Works Sewer Connection and Discharge Certification (Industrial Waste Unit)
- Suffolk County Planning Commission
- Suffolk County Department of Health Services Sewer Connection and Article 12 Compliance
- Federal Aviation Administration (FAA) Notice of Proposed Construction
- Coordinate/provide a copy of the Plan to Republic Airport

## **V Analysis**

### **Phase I**

The first phase of this project, Application No. 16-45AK Michael Posillico (Land Excavation) involves the demolition of an existing approximate 27,440 sq. ft. warehouse/office structure, removal of existing sheeting and other site improvements, excavation of 81,768 cubic yards material, approximate 20' cut and installation of proposed sheeting and gravity block retaining wall on a 4.4 acre portion of existing 12 acre G Industrial site that contains an existing asphalt plant.

### **Phase II**

The second phase of this project Application No. 16-39A Michael Posillico involves the construction of an approximate 15,755 sq. ft. soil washing plant, approximate 25,185 sq. ft. covered contaminated material storage, concrete equipment pad, coffer dam, concrete water tanks, truck scale, stock pile bins and drainage improvements on a 4.4 acre portion of an existing 12 acre G Industrial site that contains an existing asphalt plant.

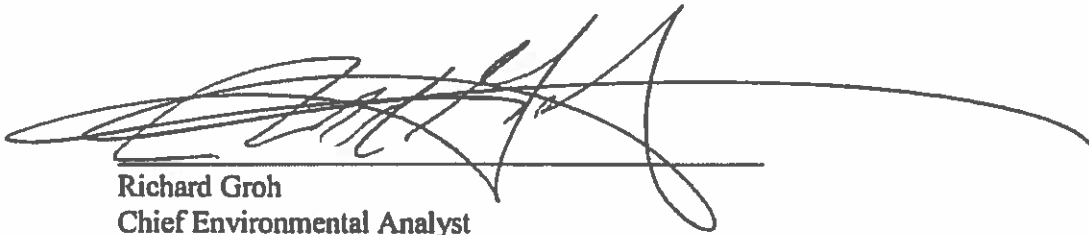

The proposed use within the newly developed portion of the site is a soil washing plant to process regulated and unregulated soil/fill/street sweeping material. The estimated throughput is estimated to be:

300 tons per hour  
2,100 tons per day  
10,000 tons weekly

The vehicle trips are estimated at 105 trucks per day, six days a week. There will be an estimated 10,000 tons of storage proposal for uncontaminated material stored outside and 12,000 tons of contaminated material stored inside the proposed enclosed structure. A soil wash plant will process the material. A Beneficial Use Determination (BUD) is proposed to re-use the processed material primarily within the existing asphalt plant. The BUD will have to be approved by the New York State Department of Environmental Conservation (NYSDEC). The following approvals are anticipated for this proposal:

- Town Board of the Town of Babylon (Excavation)

- Zoning Board of the Town of Babylon
- New York State Department of Environmental Conservation (NYSDEC) Part 360 Permit for Transfer Station, Beneficial Use Determination (BUD) and State Pollutant Discharge Elimination System (SPDES) Permit
- Suffolk County Department of Public Works Sewer Connection and Discharge Certification (Industrial Waste Unit)
- Suffolk County Planning Commission
- Suffolk County Department of Health Services Sewer Connection and Article 12 Compliance
- Federal Aviation Administration (FAA) Notice of Proposed Construction

**Part 2 - Impact Assessment.** The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:		
a. public / private water supplies?	<input type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input type="checkbox"/>	<input type="checkbox"/>

**Part 3 - Determination of significance.** The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
