It is understood and agreed by the parties to this Agreement that the Agency is entering into this Agreement in order to provide financial assistance to the Lessee for the Project and to accomplish the public purposes of the Act. In consideration therefor, the Lessee hereby agrees as follows:

(a)(i) If there shall occur a Recapture Event after the date hereof, the Lessee or the Sublessee shall pay to the Agency as a return of public benefits conferred by the Agency, the following amounts:

(A) one hundred per cent (100%) of the Benefits (as defined below) if the Recapture Event occurs within the first (4) years after the date hereof;

(B) eighty per cent (80%) of the Benefits if the Recapture Event occurs during the fifth (5th) year after the date hereof;

(C) sixty per cent (60%) of the Benefits if the Recapture Event occurs during the sixth (6th) year after the date hereof;

(D) forty per cent (40%) of the Benefits if the Recapture Event occurs during the seventh (7th) year after the date hereof; or

(E) twenty per cent (20%) of the Benefits if the Recapture Event occurs during the eighth (8th) year after the date hereof.

As used in this Section, the term “Benefits” shall mean, collectively:

(1) all real estate tax benefits which have accrued to the benefit of the Lessee or the Sublessee commencing from and after the “Commencement Date”, and during the period of time that the Agency is the owner of the Facility, such tax benefits to be computed by subtracting the payments in lieu of taxes paid hereof from those payments which the Lessee or the Sublessee would have been required to pay during the term of this Agreement had the Town determined the amount of such real estate taxes as would be due if the Lessee had been the owner of the Facility Realty during such term; and

(2) all miscellaneous benefits derived from the Agency’s participation in the straight-lease transaction contemplated by this Agreement, including, but not limited to, any exemption from any applicable state or local sales and use tax, mortgage recording tax and filing and recording fees accruing from and after the date hereof.

Handwritten signature and date: 9/11/2017

As used in this Section, the term “Recapture Event” shall mean any of the following events:

(1) The Lessee or the Sublessee shall have liquidated its operations and/or assets (absent a showing of extreme hardship);

(2) The Lessee or the Sublessee shall have ceased all or substantially all of its operations at the Facility (whether by relocation to another facility or otherwise, or whether to another facility either within or outside of the Town) through no force majeure event;

(3) The Lessee or the Sublessee shall have transferred all or substantially all of its employees within the Town to a location outside of the Town through no force majeure event;

(4) The Lessee or the Sublessee shall have subleased all or any portion of the Facility in violation of the limitations imposed hereof, without the prior written consent of the Agency;

(5) The Lessee or the Sublessee shall have sold, leased, transferred or otherwise disposed of all or substantially all of its interest in the Facility; or

(6) Base Employment Reduction Percentage shall be greater than fifteen percent (15%) due to a Relocation Reduction occurring with respect to an Annual Period.

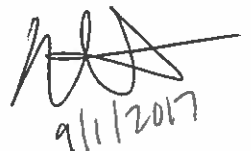

Notwithstanding the foregoing, a Recapture Event shall not be deemed to have occurred if the Recapture Event shall have arisen as a direct, immediate result of (i) a taking or condemnation by governmental authority of all or substantially all of the Facility, or (ii) the inability at law of the Lessee to rebuild, repair, restore or replace the Facility after the occurrence of a Loss Event to substantially its condition prior to such Loss Event, which inability shall have arisen in good faith through no fault on the part of the Lessee or any Affiliate.

(b) The Lessee covenants and agrees to furnish the Agency with written notification upon any Recapture Event or disposition of the Facility or any portion thereof made within twelve (12) years of the Commencement Date, which notification shall set forth the terms of such Recapture Event and/or disposition.

(c) In the event any payment owing by the Lessee or the Sublessee under this Section shall not be paid on demand by the Lessee or the Sublessee, such payment shall bear interest from the date of such demand at the then current interest rate imposed on delinquent payments of real property taxes until the Lessee or the Sublessee shall have paid such payment in full, together with such accrued interest to the date of payment, to the Agency.

(d) The Agency, in its sole discretion, may waive all or any portion of any payment owing by the Lessee or the Sublessee under this Section.

RE: Ahern Rentals, Inc. Chapter 11

To whom it may concern:

Howard Brown, Vice-Chairman and Corporate Secretary for Ahern Rentals, Inc. (referred to herein as "Ahern" or the "Company"), requested that I outline what I believe were the primary causes of Ahern's 2012 Chapter 11 bankruptcy case (the "Bankruptcy Case") and how the Company achieved a successful emergence from bankruptcy last year. The discussion below is based entirely on information that was filed in the Bankruptcy Case or received during the pendency of the Bankruptcy Case. Additionally, the below discussion is not a forecast or prediction of future events or the performance of Ahern.

The global financial crisis in 2009 and 2010 had a severe impact on construction in the Company's core territories, including Nevada, California and its other markets in the Southwest.

Due in material part to a small hold-out participating lender, Ahern was unable to successfully extend its \$350 million revolving credit facility which matured on August 21, 2011, even though both the macro and Company's recovery from the financial crisis was under way. When the Company was unable to get the hold-out participant to change its position, the other lenders pressured the agent bank to force a Chapter 11 filing to deal with the maturity default.

On December 22, 2011, Ahern filed a voluntary petition for Chapter 11 reorganization in the United States Bankruptcy Court for the District of Nevada in Reno. Prior to the filing, the Company reached an agreement with its existing bank lenders for a \$350 million DIP facility, which was used during the Chapter 11 process to meet working capital needs and honor the Company's commitments to its customers, vendors and employees. In hindsight, based upon financial information filed with the Bankruptcy Court, in the event that the Company had been able to hold off its bankruptcy filing for another month or two, based upon the Company's performance during the first quarter of 2012, the DIP would probably have been unnecessary. Unfortunately, the bankruptcy filing provided a platform for certain subordinated debt holders to try and take control of the Company while its earnings were still depressed from historical norms.

Prior to filing the Bankruptcy Case, based upon the financial information filed in the case or provided to me, Ahern increased its EBITDA from a low \$46.7 million in June 2010 to \$76.5 million at the time of filing. During the course of the Chapter 11 case, the Company's operating performance continued to improve due to continued significant improvement in the macro economy and the resulting recovery in the equipment rental market as well as successful implementation of key initiatives put in place during and after the economic crisis by (1) expanding Ahern's geographic to establish a national platform with diversity in markets served by opening 36 new locations which increased Ahern's total number of rental locations from 39 to 75, (2) the deployment of fleet from existing location to the most attractive markets in the newly opened locations, (3) significant reductions to the Company's cost structure and capital expenditures, (4) sales effort to target attractive end market and increase Ahern's national customer relationships, and implemented a new business performance management software system that has helped the Company in its forecasting and management of operations.

During the approximate 18 month period that Ahern was a debtor-in-possession, based upon the financial information filed with the Bankruptcy Court or provided to me by Ahern, the Company reported sales that increased from \$329.8 million to \$398.1 million an increase of 21%. And during the same period, the Company reports that EBITDA increased 53% from \$76.5 million to \$117.0 million. Ahern was able to raise \$420 million in Senior Secured Notes in the public market place and negotiate a \$325 million revolving credit facility. This allowed Ahern to successfully repay all of its existing creditors (subject to various disputed claims being litigated) in full or in the agreed amount, and negate the competing plan or reorganization being pursued by the subordinated lenders who were attempting to gain control of Ahern.

On June 5, 2013 the United States Bankruptcy Court for the District of Nevada confirmed Ahern's Plan of Reorganization which became final and went effective on June 24, 2013. The discussion set forth above is based upon the proceedings in the Bankruptcy Case and is not a forecast of the performance or future performance of Ahern.
