Visual Millwork is manufacturing and design business located in Woodside Queens. We currently have 40 employees and are a family owned business founded in 1934. The company transforms brands into an interactive environment which is the hallmark of display and design work. We have been exploring options to increase efficiencies in our manufacturing, both from an operational and cost perspective. Like many New York based companies we have gotten the calls from other States looking to recruit us including New Jersey and States down South. We have taken more material steps by looking to move our company to Bangor Maine. However, it would be our preference with the support of the Town of Babylon IDA and New York State Empire State Development Corporation to acquire 85,000 square foot building in Deer Park. The total investment would be \$6,495,000. That includes the purchase of the building, new equipment and renovations.

I request that this Application, together with all materials and data submitted in support of this Application (collectively, these "Application Materials"), be submitted for review to the Babylon IDA Board, in order to obtain from the Babylon IDA Board an expression of intent to provide the financial assistance for the Project. I understand that this expression of intent will take the form of an inducement resolution to be adopted by the Board.

I represent that I have the authority to sign these Application Materials on behalf of, and to bind, Applicant.

I certify to the best of my knowledge and belief that all of the information provided in these Application Materials is accurate, true and correct. I understand that an intentional misstatement of fact, or, whether intentional or not, a material misstatement of fact, or the providing of materially misleading information, or the omission of a material fact, may cause the Babylon IDA Board to reject the request made in the Application Materials.

I understand the following: that Applicant and Principals will be subject to a background check and actual or proposed subtenants may be subject to a background check; that the Babylon IDA may be required under SEQRA to make a determination as to the Project's environmental impact and that in the event the Babylon IDA does determine that the Project will have an environmental impact, Applicant will be required to prepare, at its own expense, an environmental impact statement; that the decision of the Board to approve or to reject the request made in the Application Materials is a discretionary decision; that no Bonds may be issued (if Bonds are being requested) unless such Bonds are approved by the Supervisor of the Town; that under the New York State Freedom of Information Law ("FOIL"), the Babylon IDA may be required to disclose the Application Materials and the information contained therein; and that Applicant shall be entirely responsible and liable for the fees referred to in these Application Materials, including (in the case of Bonds) but not limited to payment of the New York State bond issuance fees (if applicable to the Bonds in question) based upon the aggregate principal amount of the Bonds.

That Applicant shall indemnify the Babylon IDA for fees and disbursements incurred by bond counsel (in the case of a Bond transaction) or by project counsel (in the case of a straight-lease transaction); and that bond counsel or project counsel (as applicable) shall be a third-party beneficiary of this indemnity to the Babylon IDA regardless of whether financial assistance is granted and a bond closing or straight lease closing occurs and if no closing occurs, regardless of the reason thereafter and regardless of whether a closing was within or without the control of any of the Public Participants; and
