WHEREAS, pursuant to the Lease Agreement the Company has agreed to make certain payments in lieu of real property taxes with respect to the Facility to the Agency; and

WHEREAS, in connection with the Agency's evaluation of the Project for the provision of financial assistance, the Agency has (i) assessed all material information relating to the project included in the Company's project application (the "Project Application") in order to afford a reasonable basis for the decision of the Agency to provide financial assistance to the Project; (ii) reviewed the Agency's written cost benefit analysis for the Project which identifies the extent to which (A) the Project will create or retain permanent, private sector jobs; (B) the estimated value of any tax exemption to be provided to the Project, (C) the amount of private sector investment generated or likely to

be generated by the Project; (D) reviewed the likelihood of accomplishing the proposed project in a timely fashion; and (E) considered the extent to which the Project will provide additional sources of revenue for the Town and the school district where the Facility is located; and

WHEREAS, it is desired that the Agency authorize the granting of certain financial assistance to the Company in connection with the Project and the Facility including abatements from mortgage recording taxes, real property taxes and sales and use taxes.

NOW, THEREFORE, BE IT DETERMINED, APPROVED AND RESOLVED by the members of the Agency as follows:

Section 1. With respect to the Agency's evaluation criteria for Manufacturing, Warehousing and Distribution Projects the Agency makes the following determinations:

- (a) It has reviewed the information in the Cost Benefit Analysis with respect to the Project.
- (b) The Company proposes a capital investment in soft costs, the land, building, machinery and equipment and capital improvements in the Facility of approximately \$3,100,000.
- (c) The Project will not have significant impact from local labor construction in the Town.
- (d) Wage rates for the employees of the Company average \$87,000 per year for management positions, \$43,000 per year for administrative positions, \$40,000 per year for supervisor positions, \$34,000 per year for certain non-identified positions and \$25,000 per year for laborer positions.
- (e) The Company has a positive impact on regional wealth creation due to the fact that a significant portion of the Company's product is sold and shipped outside of the Town and result in revenue inflows into the Town and the Long Island region due to taxes and municipal charges paid by the Company to the Town and Suffolk County.
- (f) The Project will not have a significant effect on in-region purchases.

- (g) The Project will not have a significant effect on energy efficiency.
- (h) The Project will not affect existing land use or zoning.
- (i) Project is important to the retention of a significant employer of the Town. The Company currently employs 133 full-time employees and is seeking to consolidate its operations at other locations in the Bronx, New York to the Town. If the Company does not receive financial assistance from the Agency the Company is considering relocating its current New York operations to its existing facility in Georgia or moving its New York operations to a new facility in New Jersey, either of which would achieve substantial costs savings for the Company.

(b) It is desirable and in the public interest for the Agency to grant the Financial Assistance to the Company with respect to the Project and the Facility.

(c) The Agency shall grant Financial Assistance to the Company in the form of New York State and local Sales and Use Tax abatements in a maximum amount not to exceed \$138,000 as provided in Section 5.2 of the Lease Agreement and in the event of the occurrence of a recapture event under the Lease Agreement the Agency will pursue recapture of the Financial Assistance as provided in Section 5.4 of the Lease Agreement.

Section 3. To accomplish the purposes of the Act, the Agency shall take legal fee or leasehold title to the Land and improvements thereon pursuant to the Company Lease, assist the Company to undertake the Project and lease the Facility and sublease the Facility to the Company pursuant to the Lease Agreement.
